

RAJDEEP BARIK

Electronics and Communication Engineer

📞 (+91) 8597813559 ✉️ rajdeepbarik5@gmail.com 📍 West Bengal, India

SUMMARY

I am an enthusiastic Electronics and Communication Engineering student with a passion for embedded systems and IoT development. I have strong problem-solving skills with experience in coding and circuit design. I aim to leverage my technical expertise and creativity to tackle engineering challenges and contribute positively to innovative projects.

EDUCATION

B. Tech in Electronics and Communication Engineering

STCET Kolkata

📅 07/2021 - 06/2025 📍 Kolkata, India

12th Grade

C.M.S High School

📅 04/2020 - 03/2021 📍 Burdwan, India

10th Grade

C.M.S High School

📅 04/2018 - 03/2019 📍 Burdwan, India

PROJECTS

Autonomous Driving with Navigation

📅 01/2023 - 01/1970

Autonomous Driving with Navigation using Google Maps, focusing on self-driving capabilities

- Combined computer vision with Google Maps API for self-driving car capabilities using Raspberry Pi and sensors
- Implemented deep learning models for object detection, lane tracking, and obstacle avoidance

Smart Environmental Monitoring System

📅 08/2022 - 01/1970

Smart Environmental Monitoring System (GRS 1.0) project geared towards safety and monitoring

- Developed a hardware and software-based environmental monitoring system to detect smoke and temperature changes
- Provided live image updates through Arduino technology

KEY ACHIEVEMENTS

Home Security System

Worked on developing a facial recognition-based Home Security System, which enhances access security

Weather View Website

Created an interactive Weather View website using HTML, CSS, and JavaScript, showcasing real-time weather data

STRENGTHS

Critical Thinking

Critical thinking abilities to solve complex engineering problems effectively

Leadership

Leadership skills showcased through team project collaborations

Adaptability

Highly adaptable and capable of managing time efficiently in fast-paced environments

INTERESTS

Music and Content Writing

Engage in activities such as music and content writing, which enhance creative skills

Football

Passionate about football as a hobby, participating in local matches and training

Photography

Enjoy photography, capturing moments and enhancing artistic expression

SKILLS

Gmail IoT Python HTML

CSS JavaScript SQL

AutoCAD MATLAB

DaVinci Resolve Git Canva

Microsoft Office Google Maps

Google Maps API Raspberry PI

Deep Learning IEEE Arduino
